

## PROJECT UPDATE: Wednesday, April 16, 2025

**PROJECT UPDATE:** Temporary, single lane closures continue through April, and long-term traffic control with lane closures will begin on May 5. Businesses are open during construction.

Crews will continue with utility relocation activities and sidewalk removal on the western bridge span through April, with temporary, single lane closures on the outside southbound lane of S. Palm Canyon Drive.

### LONG TERM TRAFFIC CONTROL

- Long term lane closures and traffic control will be placed on Monday, May 5.
- The western bridge demolition is planned for Monday, May 12.
- Crews will continue to work outside of the non-disturbance buffer to comply with environmental mitigation policies for nesting birds.

Once traffic control is set, it will remain in place for approximately 8 to 10 months until the new western bridge span is constructed. Once completed, lane closures and traffic control will shift to the new western bridge span and construction will continue on the eastern bridge span for approximately 8 to 10 months.

*This schedule may change due to weather or field conditions.*

**Please note:** Left turns are not permitted at the intersection of S. Palm Canyon Drive and E. Sunny Dunes Road. Please use the alternate routes indicated on the map.
