

Construction Alert: Friday, Oct. 10, 2025

Traffic holds planned on S. Palm Canyon Drive for public safety during beam delivery; expect delays

TRAFFIC IMPACTS

 Friday, Oct. 10 | 7 a.m. to 3:30 p.m.

Traffic holds are planned in the project area from E. Camino Parocela to Mesquite Avenue. Expect delays.

Flaggers will be on-site to stop and hold traffic to provide safe access for trucks delivering 90-foot-long beams to the project area. Flaggers will also stop and hold traffic when the crane operator swings the beams off the truck into the project area.

Please reduce speed in the project area and expect delays during traffic holds.

Alternate route usage is advised.

This schedule may change due to weather or field conditions.
