CONSTRUCTION ALERT: Week of January 12, 2026

Nighttime Road Closures on South Palm Canyon Drive

Nighttime road closures will begin Monday, January 12 at 6 p.m. on South Palm Canyon Drive between E. Sunny Dunes Road and Mesquite Avenue. Motorists will be detoured to Belardo Road.

Traffic Impacts

Monday, January 12 through Friday, January 16
Nightly from 6 p.m. to 4 a.m.

Work may continue into the following week, if needed. Please visit the project website or follow project social media for the latest updates.

- South Palm Canyon Drive will be closed nightly in both directions between E. Sunny Dunes Road and Mesquite Avenue.
- A detour will be in place via Belardo Road.
- The Sunny Dunes Road traffic signal will be on flash during nighttime work hours.

What to Expect

Motorists can expect a full road closure with detour in place each night.

- Gasline installation work will be completed on both the north and south ends of the bridge.
- Neighbors can expect usual noise and lighting associated with nighttime construction.
- Crews are planning to complete louder operations, like saw cutting and digging, before 9 p.m.
- Gas service will not be affected.

Palm Tree Relocation

Crews will optimize the planned road closure to relocate palm trees in preparation for the Phase 2 Traffic Flip. Palm tree relocation is expected to take 5 nights.
