

CONSTRUCTION ALERT:

Tuesday, Oct. 20 and Wednesday, Oct. 21, 2026

 **Early morning concrete placement planned for Oct. 20; expect intermittent traffic delays on Oct. 21.**

TRAFFIC IMPACTS

Tuesday, Oct. 20, 2026

EARLY START at 4 a.m. to 3 p.m.

S. Palm Canyon Drive

- Crews will pour concrete for the approach slabs on the eastern bridge span beginning at the north end.
- Please watch for trucks entering and exiting the jobsite and expect additional lighting and noise related to construction in the project area.

Wednesday, Oct. 21, 2026

7 a.m. to 3 p.m.

S. Palm Canyon Drive

- Expect intermittent traffic delays.
- Concrete trucks will temporarily occupy the northbound lane of the bridge.
- Flaggers will alternate northbound and southbound traffic through the area.

Please follow flagger instructions, reduce speed and allow extra travel time through the project area. Motorists may use Belardo Road as an alternate route.

Businesses remain open and accessible.

This information may change due to weather or field conditions.

Expect Delays on Tuesday, Oct. 20
